QUALITY POLICY

QUALITY POLICY

In line with Brunei Gas Carriers Sendirian Berhad's mission and vision statements, we are committed to be a safe and reliable transporter of LNG and to maximize the value of our assets and resources in accordance to the aspiration of the Nation.

Brunei Gas Carriers Sendirian Berhad believes that quality is everyone's responsibility and expects all employees to be responsible in maintaining and sustaining an effective Quality Management System, to address the risks and opportunities of our activities, to improve our performance and provide customers and stakeholders with satisfaction that meets their needs and obligatory requirements.

QUALITY OBJECTIVES

In line with the Corporate Business Plan and Objectives, the Quality Objectives are to:

- Manage LNG carriers safely and reliably in accordance to the applicable standards and regulations stated under the Charter Party Agreement while protecting the personal safety and health of the people, ensuring an incident free workplace and preserving the environment;
- Continually improve the business performance, position itself in the top quartile of the LNG transporting industry;
- Strengthen the good relationship with stakeholders and external / internal customers to meet their requirements;
- Maximize the contributions and capability of all personnel while attracting and retaining competent and motivated staff and becoming an "employer of first choice";
- Assessing all opportunities including local business development to expand Brunei Gas Carriers Sendirian Berhad's scope and activities in line with the Shareholders aspiration.

Measurable objectives are demonstrated in the form of an Annual Business Plan for all Stakeholders. All employees are expected to deliver their responsibility in line with Brunei and International Laws, Statement of General Business and Risk Management Principles and other relevant requirements and continually improve the effectiveness of our Quality Management System.

John Cook

Managing Director
